TEMPERATURE-CONTROLLED WAREHOUSING

COOL CHAIN

IATA CEIV PHARMA certified

A refrigerated warehouse for air freight consignments has been operating at the World Cargo Center at Leipzig/Halle Airport since 2017. It is therefore now possible to put complete aircraft consignments of temperature-sensitive goods into storage at the World Cargo Center. The facility has direct access to the apron area and therefore guarantees short transport routes to and from aircraft and trucks.

FACILITIES AND EQUIPMENT

- 400 m² of cold storage space – space for the entire cargo from a B747F
- Three individual temperature-controlled areas (2–25°C)
- Additional cold storage warehousing space available on demand (2–25°C ERT)
- Unrivalled short distances to/from trucks/aircraft
- Secure and controlled access
- Temperature monitoring and checks
- Integrated messaging alert system and CCTV recording

HANDLING SERVICES

- IATA CEIV PHARMA certified
- Handling by PortGround – a Regulated Agent and Authorized Economic Operator (AEO-F)
- Dedicated and consolidated temperature-controlled transportation to/from trucks/aircraft
- Parallel storage of perishables and/or pharmaceutical products
- ULD insulation hoods available
- GDP certified
